

## CHILDREN UNDER 16<sup>^</sup>? STRUGGLING TO PAY FOR CHILDCARE?

**Fancy an extra £78\* in your pocket each month?**

As a working Dad or Mum, the most valuable thing in your life is likely to be your children and no doubt you've spent a great deal of time deciding on the registered carer to look after them whilst you're at work.

With the cost of caring for your children continually on the rise, did you know you that you could save around **£78\* a month** by joining your employer's childcare voucher scheme? That's a saving of up to **£933\* a year**, until your kids are all grown up; and if your partner joins their employer's scheme too you could double it to **£1,866\* a year!**

\* Subject to individual circumstances. Maximum tax and NIC savings based on a Basic rate tax-payer ordering a £243 childcare voucher each month. From April 2011 a Higher rate tax-payer joining a scheme can order a £124 voucher each month and an Additional rate tax-payer a £97 voucher each month, both saving around £600 a year in tax and NI exemptions.

<sup>^</sup> 1 September following 15th birthday or 1 September following 16th birthday for children who are registered disabled.
