

SEAL Information for Parents

4th November, 2015

Aims

} To raise awareness of the importance of social, emotional and behaviour skills, and how children need such skills to be happy and successful in school and at home.

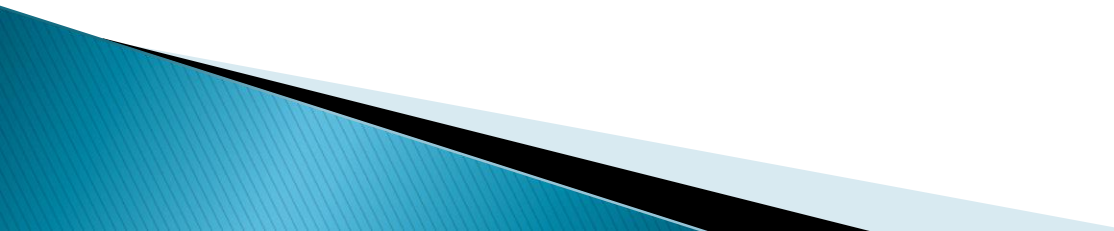

What is SEAL?

- } Social
- } Emotional
- } Aspects of
- } Learning

We believe that for children to be both happy and successful in their learning at school they need to:

- } Know that they are good
 - } Take responsibility for their actions
 - } Know how to manage their feelings so they can learn better
 - } Know how to motivate themselves and bounce back if they fail at something
 - } Understand another person's point of view
 - } Know how to be supportive of others
 - } Be able to get on with others and work co-operatively
- 

These are part of the FIVE Social, Emotional, Aspects of Learning or SEAL

- ❖ Self awareness
 - ❖ Managing feelings
 - ❖ Motivation
 - ❖ Empathy
 - ❖ Social skills
- 

Activity

} Self-awareness

- } Where are you on the imaginary line?
 - } No 'right' answer. In school we encourage children to talk about their own wants, needs and interests and to describe them self in positive terms.
 - } The SEAL materials help children to understand themselves better.
- 

Our Family shield

Home activities

- Make a 'family shield' by dividing a cardboard shield into the following sections: 'I am proud of...', 'I like...', 'Something I would like to learn is...'.
- } Make a family mobile illustrating something special about each member of the family.

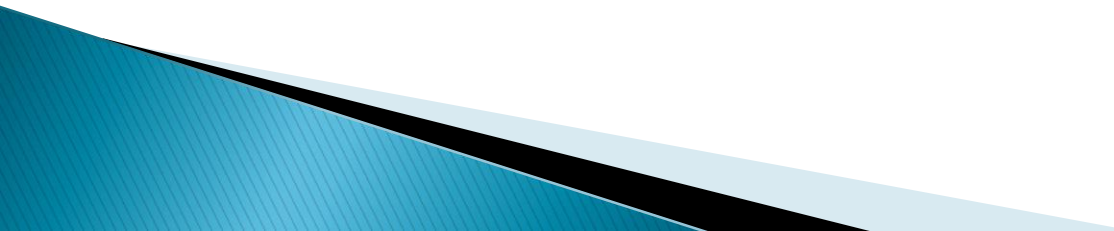

Partnership with Parents

If children have learnt these skills, they can achieve better. We believe that we can teach these skills at school.

BUT if we are to be fully successful, families and school have to work together.

We want to teach and promote these skills because we want to help children to...

- } Be confident in their learning
 - } Behave well
 - } Be happy in school
 - } Make positive relationships
-

Making Relationships

Early Learning Goal

Children play co-operatively, taking turns with others. They take account of one another's ideas about how to organise their activity.

They show sensitivity to others' needs and feelings, and form positive relationships with adults and other children.

Self confidence and self awareness

Early Learning Goal

- } Children are confident to try new activities, and say why they like some activities more than others. They are confident to speak in a familiar group, will talk about their ideas, and will choose the resources they need for their chosen activities. They say when they do or don't need help.

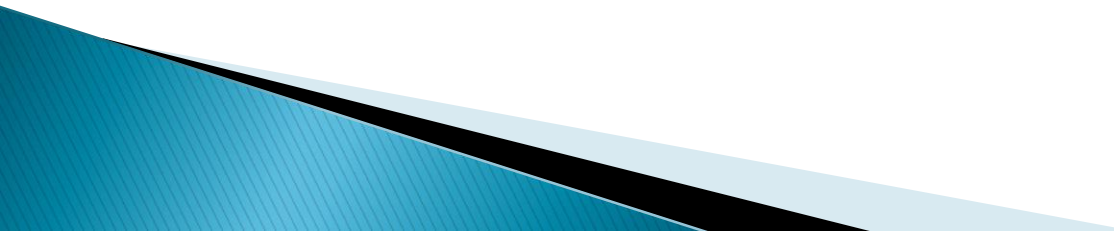

Managing Feelings and Behaviour

} Early Learning Goal

Children talk about how they and others show feelings, talk about their own and others' behaviour, and its consequences, and know that some behaviour is unacceptable. They work as part of a group or class, and understand and follow the rules. They adjust their behaviour to different situations, and take changes of routine in their stride.

Conflict Resolution

Staff will:

- } Approach quickly and calmly.
 - } Stop any hurtful behaviour.
 - } Stay calm and get down to the child's level.
 - } Remain patient.
 - } Acknowledge the feelings of the children involved
 - } Neutralise the object.
 - } Gather information from the children, listen to all sides.
 - } Restate the problem using the children's own language.
